

Bollard Olea

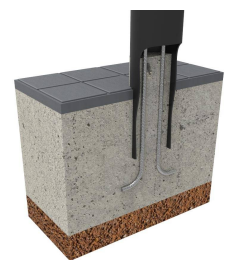

H318

50 x 100 mm bollard made of corten steel, designed to last over time without maintenance. Needs no finish, thus avoiding polluting processes and contributing to sustainability.

Ref.	A	B	H	Acabado Finition Finish
H318	100	50	1000	Corten
H318M	100	50	1000	Marson

Recommended anchoring: embedded base and threaded rods with concrete.

Note: the rust of Corten steel evolves over time, which means that this material will rust on its own sooner or later depending on humidity and temperature levels.
