The REB game line is fully designed with eco-design criteria and open gameplay. Games are made from 100% recycled and recyclable ReBnew plastic profiles, recovered from the selective waste collection fraction. Considering that plastic waste takes between 100 and 1,000 years to degrade, this creative reuse promotes the circular economy.

A=6330mm 20m2 1.30m 6
B=3660mm

Materials:

Structure, Structural Panels, ReBnew: 100% recycled plastic is a material with a dark ochre or light grey tone that is applied so that the material is colored throughout. This, along with its irregular surface finish, makes the board extremely durable as it perfectly hides any scratches caused by vandalism. It requires no maintenance, does not splinter or crack, nor does it rot or dry out.

- Weather resistance.
- Resistant to oils, acids, and seawater.
- Does not degrade.
- Does not splinter.
- Antigraffiti.
- Resistant to moisture, does not absorb water, dries quickly.
- ECOLOGICAL as it comes from recycled products and is also recyclable.
- Long lifespan.
- 100% Recyclable.
- No pollutants.
- Made from high-quality recycled plastics.

Decorative panels, ECOPLAY: HDPE made from recycled material. High-Density Polyethylene known for its resistance to chemical abrasives and unaffected by corrosion as it is a polymer. Due to its elasticity and lightness, it offers high impact resistance, making it very difficult to break.

Metal parts, DurPint: Steel with thermoplastic coating PPA 571 of 400 μ thickness.

Screws: Electro-galvanized screws and stainless steel 8.8 DIN267, AISI-304

- None of the materials requires special treatment for disposal.
- If the equipment is subject to heavy use, the maintenance plan should be increased.
- Do not use the product before completing installation/maintenance.
- Consult maintenance instructions.

Largest part (mm): 600x540x320mm / Heaviest part (kg): 26.50

IMPACT AREA: Required safety surface. It is recommended to cover the ground according to the EN1176-1:2017 standard.
Spare parts availability: 10 years

Ground anchoring screws not included.

Playful features:
