UM304RL

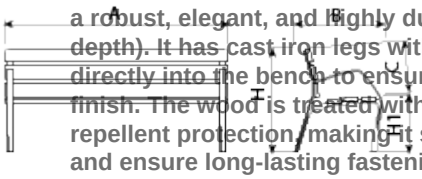

Double Bench

NeoBarcino MAX

Controled logging | Grey Casting | Graffiti protector | Inclusive Product | Hard wood

ISO 9001 | ISO 50001 | ISO 14001 | ISO 45001

The NEOBARCINO PREMIUM Double Bench features a contemporary design, ideal for urban spaces requiring a robust, elegant, and highly durable solution. Overall dimensions: 3000 x 835 x 710 mm (length x height x depth). It has cast iron legs with a hammered gray finish. Six natural tropical hardwood planks are fitted directly into the bench to ensure precise integration, enhanced structural stability, and a clean, polished finish. The wood is treated with a triple-layer Lignus coating, providing fungicidal, insecticidal, and water-repellent protection, making it suitable [illegible] environments, corrosion resistant, and ensure long-lasting fastening. It is prepared for anchoring with M10 expansion bolts, depending on the installation surface and project requirements. Optional (not included): customizable branding with a 74 x 35 mm aluminum plate or a milled plank.
