Bench

VERTEBRA CURVO

ReBnew material

20 years warranty

Low maintenance

ISO 9001 ISO 50001 ISO 14001 ISO 45001

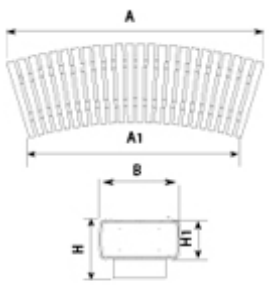

Curved VERTEBRA designer Bench , total dimensions (length x width x depth) 2000 x 795 x 610 mm. In addition to its geometric and functional flexibility, it is made of ReBnew plastic (BENITO's recycled polymer, produced entirely from yellow-bin packaging and requiring no maintenance) for both the legs and the seat and backrest. It feels pleasant to the touch. Prepared for screw-fixing according to the surface and project.

ReBnew: 100% recycled polymer, sturdy and durable, derived from urban, industrial, and domestic waste... It is weather-resistant, resistant to oils, acids, and seawater. It does not splinter or crack, nor does it rot or dry out.

Irregular surface finish makes the board extremely durable as it effectively hides scratches caused by vandalism. Nevertheless, surface scratches can be repaired to restore it to a like-new condition.

Scratch Repair on ReBnew

AWARDED WITH "DER BLAUE ENGEL": Product with low environmental impact throughout its lifecycle. It is awarded to products that meet criteria for reducing environmental impact in manufacturing, recycling, packaging, use, emissions, collection, and disposal. In addition to environmental criteria, it includes quality, safety, energy consumption, and other considerations. It is one of the most prestigious labels globally.
