

UM328

Bench

TERRACOTA

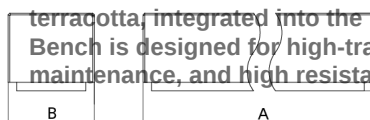

Precast
Concrete

Low
maintenance

Designer Bench measuring 2000 x 600 x 450 mm, made of high-strength, layered precast concrete, with a monolithic rectangular body and gently rounded edges. The visible surfaces feature a continuous layered texture, formed by horizontal layers of fine, irregular terracotta, integrated into the piece, providing chromatic contrast, visual warmth, and enhanced user comfort. Bench is designed for high-traffic urban spaces, offering low maintenance, and high resistance.
