Footbath shower

Atlas

Stainless
steel

ATLAS designer shower, total dimensions (length x width x height) 375x375x2750 mm, with a shower head and a foot bath, highly resistant to corrosion, ensuring durability outdoors. The body and fittings are made of polished stainless steel, a durable material that withstands inclement weather, humidity, Solar radiation, and high temperatures. Installation via mains connection, 3/4" gas inlet. Anchored to the floor on a prepared surface, with screws according to the surface and project.

Stainless steel: Structural alloy with a high chromium and nickel content, resistant to corrosion. High resistance to weather, humidity, UV rays and chemical agents present in urban environments. Thanks to the natural formation of a protective passive layer, stainless steel does not require additional coatings, ensuring excellent durability, low maintenance and a clean, timeless appearance – even under demanding conditions such as coastal or industrial areas.
