Fountain

Corc

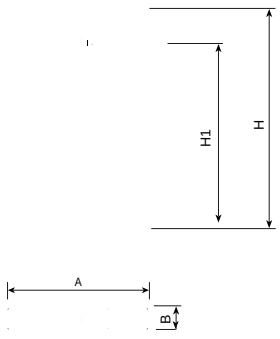

Black forged iron

Ecological faucet

ISO 9001 ISO 50001 ISO 14001 ISO 45001

The Fountain Corc has a simple structure with a square iron body treated with Ferrus, a protective process for iron that guarantees optimal corrosion resistance.
Epoxy primer and hammered gray polyester powder paint finish. Nickel-plated steel push-button faucet fixing plate (UM510G). Galvanized steel corner frame and Drain grate.
Accessible design, with faucet height according to order TMA/851/2021

Steel with FERRUS treatment: an iron protection process that ensures optimal corrosion resistance. The Ferrus treatment consists of three layers applied after cleaning all dirt and impurities using shot blasting, and it involves an electrolytic bath followed by an epoxy primer and a final coating of polyester powder paint.
