

Speed Reducer

SCUAB

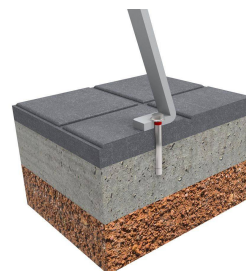

VBA30

Made of recycled rubber with vulcanised built-in yellow bands. Eco-friendly product.

Respectful with the environment. Does not produce noise pollution, soundless when vehicles pass over it. High robustness, shock absorption, high resistance to abrasion, ozone and UV rays.

Ref.	A	B	H
VBA30	1700	1700	60
VBA32	1700	2200	60

Easy to install, this speed bump includes clamping washers within the rubber structure itself.

The speed bump is recommended for speed control purposes in residential neighbourhoods, shopping areas, schools, etc.
