CLASH PARED designer ashtray, total dimensions (length x height) 120 x 355 mm, made with a steel body and bowl (treated with the Ferrus process, the triple-layer protector for iron, which guarantees optimal corrosion resistance). Finished with epoxy primer and brown polyester powder paint. Top with a stainless steel cigarette snuffer. Prepared for anchoring with four M8 expansion bolts according to the surface and project.

Steel with FERRUS treatment: an iron protection process that ensures optimal corrosion resistance. The Ferrus treatment consists of three layers applied after cleaning all dirt and impurities using shot blasting, and it involves an electrolytic bath followed by an epoxy primer and a final coating of polyester powder paint.
