Black forged iron Treated pine wood M10 bolts fixing Low maintenance

dimensions (length, height & depth): 780 x 620 x 885 mm, manufactured with black and laminated pine wood planks treated in an autoclave using a class 4 extensive protective treatment; its design stands out for the visual and structural lightness of its metal supports, providing a contemporary and natural warmth and texture to the surface and requirements of the project.

We offer the possibility to customize the product through personalized marking to enhance your corporate image:

- 74 x 35 mm aluminum plate with screen printing.
- Board machined by milling.
