

Curvo
JKSP20000

Loop 1
JPV310

Loop 2
JPV401

Set of 3 elements designed to promote safe and sustainable play in playgrounds:

Curved Swing 2 Seats Ref. JKSP20000: Swing with a metal structure of galvanized and powder-coated posts, stainless steel links, and electro-galvanized bolts. Maximum dimensions 2360x1280x114 mm, heaviest part 52 kg, and impact area according to EN1176 standard.

Loop 2 Ref. JPV401: Play structure with galvanized and powder-coated metal posts, wooden platforms with phenolic coating, and recycled polyethylene panels. Includes stainless steel and electro-galvanized bolts. Maximum dimensions 2490x120x880 mm, heaviest part 42 kg, and impact area according to EN1176 standard.

Loop 1 Ref. JPV310: Modular play structure with galvanized and powder-coated metal posts, phenolic platforms, and ECOplay recycled polyethylene panels. Electro-galvanized and stainless steel bolts. Maximum dimensions 1900x2500x70 mm, heaviest part 105 kg, and impact area according to EN1176 standard.

All three units are made from resistant and recycled materials (galvanized and coated metal, stainless steel, recycled polyethylene, and phenolic wood), highly durable, maintenance-free, and with spare parts available for 10 years.
